

Under Counter Brackets Mounting Instructions

KIT PART# 226199UCBK1004

SPECS:

- Color: Black
- Material: Steel
- Length: 12.00"
- Height: 5.146"

Distance in between the bracket depends on the Cash Drawer's width.

Mounting Steps:

STEP 1 Pre-drill six (6) holes for the #12 wood screws under surface of counter where unit will be installed. Each bracket takes three holes 4" apart. Distance in between the bracket depends on the Cash Drawer's width, please measure before drilling. **CAUTION: Do not drill through counter.**

STEP 2 Secure the two (2) under counter brackets (ITEM A) against bottom surface of counter by using six (6) No.12 -5/8" Pan Head Phillips Wood Screws (ITEM B) and six (6) Washers, 1/4 SAE Zinc Plated Flat (ITEM D) .

STEP 3 Slide cash drawer unit over brackets and align the four (4) holes under cash drawer with the four holes of the brackets to secure bottom of the cash drawer to the brackets.

STEP 4 Secure cash drawer unit to brackets using the four (4) #6 -3/8" Type AB Pan Head Screws (ITEM E) and four (4) Washers, (.156 I.D. x .312 O.D. x .035) (ITEM C).
