# PayVue® Illuminated Cash Drawers

## Innovative design for cash handling in low-light environments

***New 16" Model  
Now Available***

**LED  
LIGHTING**

\*Patent Pending

PayVue® helps prevent these types of losses:

**Cash Theft | Internal Theft | Till Errors | Cash Loss**

*Ideal for restaurants, bars and nightclubs*

# PayVue® Cash Drawer Family

The patent pending PayVue® Illuminated Cash Drawers utilize an energy-efficient light source that allows operators to more accurately identify cash and coin during payment transactions in low-light settings.

- ▶ **Increases Till Visibility for Security Cameras**
- ▶ **Improves Transaction Accuracy and Efficiency**
- ▶ **Enhances Checkout Speed**
- ▶ **Strengthens Asset Protection**

## PayVue® Features

- Energy-saving, warm white LED light source automatically turns on when the cash drawer is open, and off when it's closed.
- Illumination can be controlled by the ON/OFF switch. Simply turn off when it's not needed.
- Custom till enhances light disbursement for easier currency identification.
- Constructed of heavy-gauge steel with a scratch and chip-resistant finish for enhanced longevity.
- Universal RJ12 interface (24Vdc or 12Vdc) connection to POS terminals or printers.
- Custom features available upon request (Logo imprint or drawer's body color).

### We asked cash drawer users...

*"How do low-light settings impact transactions?"*

**83%**

find it difficult to perform accurate payment transactions

**82%**

find it difficult to identify bill denominations

*"Would illumination be a benefit?"*

**75%**

felt illumination would be very valuable
